

MATH 4190-2

Name\_\_\_\_\_

Syllabus Homework

Due no later than 4:30PM Thursday, Jan 25, 2018

Signature\_\_\_\_\_

Submit in class, in office hours, or in Sean Sather-Wagstaff's mailbox in Martin M-110

\* By signing and submitting this assignment, you affirm that you have read the Math 4190-2 Syllabus in its entirety and that you agree to follow the policies described therein. \*

1. (5pts) True or False? Graphing calculators are required for this course.
2. (5pts) True or False? Quizzes will be given most Tuesdays in class.
3. (5pts) True or False? The final exam in this course will be comprehensive.
4. (5pts) True or False? You may use your cell phone for texting during class meetings as long as you are discrete about it.
5. (5pts) True or False? Make-up quizzes and exams are allowed in this class.
6. (5pts) True or False? You are allowed to use a page of notes for the exams in this class.
7. (5pts) True or False? You must bring your Clemson ID card to the exams in this class.
8. (10pts) Fill in the blanks: Late homework will only be accepted for full credit under \_\_\_\_\_, \_\_\_\_\_ circumstances.
9. (20pts) Fill in the blanks: Students are \_\_\_\_\_ to work on assignments in small groups, but each student is required to turn in their own neatly written, organized set of solutions. Copying solutions from a classmate (either \_\_\_\_\_ or with only \_\_\_\_\_) constitutes academic dishonesty and will not be tolerated. If you do work with any other students in the class, you must list them on your homework as \_\_\_\_\_. Failure to do so may result in loss of credit or more serious sanctions, following Clemson's Academic Integrity policy.
10. (10pts) Students are strongly \_\_\_\_\_ from using outside sources (especially \_\_\_\_\_) for your homework.
11. (10pts) Where and when are the instructor's office hours typically?

---

---

12. (15pts) List the **dates and times** for the exams (including the final exam) for this class.
